

Getting to know a scholar: Cameron Small November 25 - December 1

Background: Cameron Small is from Apex, NC where he attended Apex High School. He is currently majoring in Computer Science with a minor in Religious Studies. His favorite classes are 'Religion and Imaginary Worlds' and 'Life Without God'. Outside of school, Cameron enjoys hiking, video game development, Pokemon Go, cooking, and D&D/tabletop games. He chose to major in computer science because "I started programming freshman year of high school and it was love at first code. " As for why he chose to attend Appalachian State University, "My older sister went here so I knew the area fairly well, I was more comfortable with the smaller size of the school, and I love the mountains."
