

## Getting to know a scholar: Tameshia Fisher October 14 - October 20

**Background:** Tameshia Fisher is from New Bern, North Carolina. She attended West Craven High School where she graduated in 2014. She is majoring in Actuarial Science and her favorite subject is Geometry. Her hobbies include drawing, painting, and listening to music. She decided to major in Actuarial Science because “I enjoy math and I am introverted.” As far as choosing ASU, “it’s the only university in North Carolina that offers Actuarial Science as a major (the campus is beautiful).”
